TOWN MEETING WARRANT

State of New Hampshire

To the inhabitants of the Town of Bath qualified to vote in town affairs. You are notified to meet at the town hall in Bath on Tuesday, March 12th, 1963 at ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose a Town Clerk, one Selectman for three years, one Trustee of the Trust Funds for three years, one Library Trustee for three years, a Treasurer, an Auditor, a Highway Agent, and all other necessary officers and agents for the ensuing year.

Article 2. To hear the reports of officers and agents heretofore chosen and to pass any vote relating thereto.

Article 3. To see how much money the Town will vote to raise and appropriate for Town officers' salaries and expenses, for repairs, maintenance and construction of highways and bridges, for old age assistance, for the protection of the public, for the support of the poor and all other necessary town charges and expenses for the ensuing year.

Article 4. To see if the Town will vote to accept State Aid for the construction of Class 5 roads and to raise and appropriate the sum of \$761.91.

Article 5. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$126.00 for the Town's share of cooperative participation in the White Mountains Region Association.

Article 6. To see what action the Town will take on the following question: Shall the provisions of the Laws relative to the playing games of Beano be adopted in this Town?

Article 7. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Municipal Accounting Division, and to make an appropriation to cover the expense of such audit.

Article 8. To see if the Town will vote to dispense with the delivery of inventory blanks until April first.

Article 9. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired through the Tax Collector's deed.

Article 10. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 11. To see what action the Town will take in regard to observing a 200th anniversary in 1965.

Article 12. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 26th day of January, 1963.

The Bath Library hours have been extended by an hour in the morning to make it possible for the grade school children to have more individual attention.

We would like to thank the townspeople and the teachers of the Bath Grade School for their interest and cooperation in the Library during the year. After the new lighting fixtures had been installed the stacks in the Library were moved due to the assistance of Mr. and Mrs. David Lang, Howard Estes, Foster Carr, George Woods and Howard Dodge. The Open House was well attended by the teachers and people of Bath.

Work has been progressing on the card catalogue files and the Dewey Decimal classification.

**REPORT TO HEALTH OFFICER
TOWN OF BATH
For Year Ending Dec. 31, 1962**

Three Sabin Oral Polio vaccine clinics were held in Bath:

236—Type I
222—Type III
223—Type II
681—Total

The children in the grades 1-4-8 received the Heaf T.B. test.

Three Well Child Conferences were held in Lisbon and Woodsville and the Bath children were invited. The three initial immunizations for whooping cough, diphtheria and tetanus were given to the infants and the single booster shot was administered to the pre-school children. Smallpox vaccination and the Salk polio vaccine were also available for those who needed it.

Home visits were made to infants, preschools and adults for counseling and assistance with health problems.

My sincere thanks to the health officer, members of the Grange and Selectmen for their cooperation.

Respectfully submitted,

LORETTA B. RUSSELL, R.N.

Public Health Nurse
Lincoln, N. H.

Preventing Forest Fires Is Our Responsibility

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2,200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 0 fires; we burned 0 acres. Permits issued, 92.

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District in the town of Bath qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 13th day of March, 1963, at 8 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.
7. To choose agents, Auditors, and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state founda-

tion aid together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will authorize a planning committee of six, three of whom will be school board members with the other three elected or appointed at this meeting, to study the educational problems of this district in conjunction with such surrounding districts as may be interested to determine the feasibility of forming a regional school district.
10. To see if the district will vote to raise and appropriate the sum of Seven Hundred Fifteen Dollars (\$715.00) for the purpose of engaging the services of professional educational consultants and to defray the cost of reporting the finding of the above planning committee to the public and authorize the committee in conjunction with such surrounding districts as may be interested to engage such educational consultants.
11. To see if the district will vote to authorize the application of any unanticipated income to expenses.
12. To transact any other business that may legally come before said meeting.

Given under our hands at said Bath this 14th day of January, 1963.

1962 - 1963

The personnel of the school; principal, teachers, lunch supervisor, custodian, and transporters; remains the same as of last year. Each is doing his or her assignment efficiently.

A major repair in the building was the installation of a new, oil-burning, hot air heating system. This unit was installed by Scruggs Hardware Company of Woodsville. The benefit derived from this system is, not only that of physical comfort, but also that of a health factor improvement, realized by the even temperature control, now possible.

One major replacement item is strongly recommended: the renovating of the toilet facilities for the boys. This unit has been unsatisfactory from the point of health standards for several years, not only by the staff but by the State Health Inspector.

The 1963-1964 budget shows an estimated increase of \$1,600.00, reflected primarily by increased tuition costs. The local assessment, however, is estimated to increase from \$31,873.54 to approximately \$39,560.00, due to a drop in state aid from the current \$17,856.56 to an estimated \$13,612.96. Also, to an estimated zero

balance on June 30, 1963, as compared with a balance of \$3,442.01 on June 30, 1962.

Education is designed to improve the intellectual quality of human behavior.

The world is nothing more than what it means to the individual at any given time. What he does in response to events is a measure of his intellectual acknowledgment of these factors. In other words, for the individual, thinking about something makes it so. Without the act of thinking, the individual experiences nothing, and for him, nothing exists. When he is faced with a problem, the intelligently behaving individual applies mind to its solution. If he does not, his response is to a high degree non-intellectual, or irrational, or insignificant. The problem remains, the answer is unavailable, and the effect of this is harmful to the individual and generally to others with whom he associates.

Consider two illustrations:

1. The tenth grade boy, influenced by a desire for status with his crowd, left school to earn money. His first job was working as a laborer on a construction crew. With his first earnings he bought a pair of \$30 shoes, a status symbol of great importance to his group. Soon, however, tired of the work he was doing, he became irregular in attendance on the job, and finally was dismissed. When the foreman fired him, the boy's anger flared up, and he assaulted his boss, injuring him painfully.
2. While on playground duty one noon, a teacher was forced to break up a fight between a girl and boy, both in the fourth grade. As she kept the straining, hard-breathing children apart by

grasping a wrist in each hand, the teacher asked, "Why are you so angry at each other?" The boy answered, "She said my mother drinks. She doesn't drink any more." The girl said in tearful anger, "He said my mother drinks. She doesn't either any more. She spends her money for new clothes for me now."

Behavior is usually not either altogether intellectual—that is, built on thought processes—or entirely below the level of consciousness, prompted and guided exclusively by feeling. Thought and feeling are only rough designations of the origins of human behavior, there being something of both in varying proportions whenever the individual acts. The object of education is not to rule out feeling as the source of purpose but to increase the influence and quality of mind as a guide to action.

Appreciation is again expressed for the integrity of the staff members, for the support of the School Board and citizens of Bath.

The report of Mrs. LaMott, R.N. follows.

Respectfully submitted,
PHIL A. BENNETT
